Harrell In Triumphant  
Tour of the Enemy's  
Country.

## HAS POPULAR ACCLAIM

Democrats Much Frightened  
at Wave of Sentiment in  
South of State.

OKLAHOMA CITY, Sept. 24.—The close of last week's campaign brought to light a great deal that was new in a general campaign in Oklahoma.

J. W. Harrell, republican nominee for United States senator, was in the great democratic stronghold of southeastern Oklahoma in most of the counties there is not even a weekly republican journal, in many the party organization is incomplete, and the republican county candidates are a rule book forward to being defeated. Notwithstanding the democracy of republican voters, Harrell was greeted by large audiences, admitted by his opponents to have been larger than those that listened to the democratic candidates for senator, even though the campaign was the most bitter in the history of the state.

Mr. Harrell pressed the league of nations issue before these people, and he declared without reservation his opposition to the treaty as written. The cordial reception and the generous applause accorded him make it impossible for the supporters of affairs to mistake public sentiment. Undoubtedly it is against the league.

At Atoka, a democrat introduced Mr. Harrell, and when he designated Harrell as the candidate who would be successful and would honor the state, he was given loud applause.

At Bennington, Bryan county, an ex-soldier, the brother of one of the most prominent democratic officials in the state, apologized because he could not be present to hear Mr. Harrell, and pledged his unqualified support, saying: "I am an American first and a democrat afterwards."

In LeFlore county a leader in the state senate and one of the prominent democrats of the state pledged his support to Mr. Harrell and gave evidence of present activity on his behalf. Many ex-Confederate soldiers, disgusted with the surrender of American independence as proposed in the league covenant, professed their support. Republicans in that section of the state are enthused as never before. From throughout the southeastern districts comes the cheering news that Harrell's strong position against the Versailles treaty has revolutionized the Oklahoma political map. That is the very citadel of democracy. No other republican has toured it in other than a perfunctory manner, and the fact that Mr. Harrell invaded it, spoke as a patriot who believed something and left it with democrats and republicans alike shouting their acceptance of his anti-league views, presages disaster for Scott Ferris, who has been unable to meet the strong position of Harrell.

With democratic members of the senate and house of representatives closely supporting his cause, Harrell has had an enjoyable journey into a country where republicans never before expected even to meet the people. In addition to this week of labor, democratic members of the state central committee have joined the Jeffersonian club, a recently formed organization of bourbon democrats, who announce their opposition to Mr. Ferris for his stand on the league of nations and the methods by which he won the democratic race.

The rapidly with which Mr. Harrell has placed his cause before the people and the success he has attained, caused the democratic campaign committee to call for outside speakers to come to the rescue. This is the first instance of Oklahoma state politics when the minority party led the offensive with the dominant party shouting for outside assistance.

**MURGUIN IN A NEW REVOLT**  
Mexican Government Plans Immediate Action to Curb Rebel.

MEXICO CITY, Sept. 24.—Officials of the defunct government today were planning to take immediate steps to curb General Francisco Murguía, defeated candidate for governor of Michoacan, who has taken armed possession of the state house in that state.

Reports struggling in from Michoacan, declare the defeated candidate is forming his own legislature and is setting himself up as governor despite his defeat at the polls. There were no attendant disorders reported.

No Texas Action on Suffrage.  
AUSTIN, Texas, Sept. 24.—No definite action was taken today by the Texas legislature upon either the suffrage bill or the governor's bills proposing more stringent laws relating to industrial troubles at ports.

## Broken Arrow Briefs

BROKEN ARROW, Sept. 24.—The honors for Broken Arrow's first bale of cotton were divided between Z. F. Brooks and J. H. Harris, they each having appeared on the streets with a load of fleecy staples at the same time last Thursday, the former's load weighing 1,600 pounds, while the weight of the latter's load was 1,540 pounds. Both bales were purchased by the Farmers Union at the price of 9 cents a pound. A bonus of about \$100 made up by the business men was divided between Brooks and Harris. The unusual amount of rain and backward season is responsible for the first load of cotton being almost a month later than last year, but with a continuation of favorable weather for the past few weeks cotton growers predict the yield in this community to be about up to the average, while the quality is expected to be better one.

The athletic association of the Broken Arrow high school has organized for the ensuing year by the election of Roy Smith, president; Henry Smith, secretary and treasurer; August Zellmer, reporter; and Don Morgan, yell leader. Football will receive the first consideration of the association with "gym" work and other activities following in the order of their importance.

Attorney J. Severson, in a report to the city council this week of progress toward incorporating Broken Arrow as a city of the first class, announced the matter was being pushed as rapidly as the law permits, but under the present conditions it is not likely that all the details will be finished up before next April, in time to be voted on at the general election.

What threatened to be an epidemic of diphtheria in Broken Arrow has been eradicated by prompt action on the part of local physicians. Several children were attacked but so far no fatalities have resulted and, with all cases placed under strict quarantine at the appearance of the first symptoms, it is now believed that a further spread of the disease will be avoided.

On motion of C. L. Hughes, chief engineer, the paving on streets in improvement district No. 4 was accepted this week, and the bonds ordered printed and delivered to the contractors.

**BOMB EXPLODES, NONE HURT**  
Huge Infernal Machine Touched Off in Front of Pine Home.

STANTON, Ill., Sept. 24.—A huge bomb secreted in an oak tree in front of the pretentious home of Mrs. Henry Miller, a leading resident here, was "touched off" early today, causing an explosion that blew the tree and nearby fence into splinters. None of the occupants of the Miller home were injured, however.

Officers believe the "job" was the work of a crank, although no enlightening clues have been unearthed as yet.

**Girl Killed in Auto Smash.**  
NOGALES, Ariz., Sept. 24.—Miss Mary Miller of Nogales, was killed, Harold Henry, son of Col. V. A. Henry, former army medical officer, had his back broken and Miss Gladys Grove and W. Kehne were probably fatally injured when the automobile in which they were riding plunged over an embankment, 40 miles from Nogales on the Tucson road, early today.

## FIRM TO RAISE STOCK FIGURES

Home Loan Association Is  
to Increase Capital  
by 4 Millions

Officers of the Home Building and Loan association were authorized by the board of directors at a meeting held Thursday night to take immediate steps to increase the capital stock from \$1,000,000 to \$5,000,000. This was necessitated by the fact that the company has on file applications for stock aggregating several hundred thousand dollars.

Makes Many Loans.  
This company, entirely financed by local capital, was organized last January and during the past eight months has acquired assets worth over \$400,000. Loans totaling \$90,000 were authorized at the Wednesday night meeting. More than \$400,000 has been loaned on Tulsa real estate.

Arthur A. Baird of the Tidal Oil company has been added to the board of directors.

The proposed increase in capital stock will enable the company to increase its loans on Tulsa property and thus prove a great incentive to building operations. The object of the organization was to encourage persons living here to own their own homes.

No similar organization in the country has ever equaled the growth that has characterized this concern since its organization, according to J. M. Reed, secretary.

Italians, Homeless, Attempt to Enter Former Papal Residence.

ROME, Sept. 24.—The Observatore Romano, the Vatican organ, says last night socialists attempted to invade a church but did not succeed in breaking through the door. They postponed the undertaking to a later date when the paper asserts, they will attempt to occupy the Lateran palace, once the residence of the pope.

LONDON, Sept. 23.—The attempted invasion of religious edifices in Rome is in part a movement among persons unable to obtain dwellings owing to the shortage in housing accommodations to seize unoccupied homes and other buildings and install themselves, says a dispatch to the London Times.

## FOUR COUNTIES DROP

Woods, Caddo, Grant and Blaine  
Have Lost Population in  
Ten Years.

Special to the World.  
WASHINGTON, Sept. 24.—Detailed figures by township, towns, cities and other minor subdivisions of nine Oklahoma counties show good increase in five and slight decrease in four according to returns by the census bureau.

Carter county, in which Ardmore is located, shows the largest increase. It has 42,247 as against 24,253. The greatest part of this is in Ardmore, which grew from 8,613 in 1910 to 14,181 this year.

Pontotoc county increased from 24,231 in 1910 to 30,329 in 1920. The greatest part of this was in Ada, which advanced from 4,248 to 8,012. Jonston county jumped from 16,734 in 1910 to 20,125 this year. Tahomungo, the principal town, grew from 1,488 to 7,159.

Sequoyah increased from 25,005 in 1910 to 28,730 this year. The increase here was all rural as Sallisaw, the principal town, lost more than 200 in population.

Coal county increased from 15,817 in 1910 to 18,109 in ten years. All rural, as Coalgate, the principal town, lost more than 200.

Woods county lost population, dropping from 17,567 in 1910 to 15,959 this year, though Alva, the principal city, jumped from 3,658 in 1910

Arrested Grocers Demur.

PONCA CITY, Sept. 24.—J. E. Himes, attorney for W. C. Cinger, J. H. Moran, A. B. Culbertson and Aron Pugh, all Ponca City grocers, demurred in the federal court with

arrest warrants for intoxicating liquors, has filed a demurrer to the complaints against these men in the federal court at Oklahoma City, maintaining that his clients had made efforts to obtain the required permits from the United States government and otherwise to comply with the law, but had never been notified to do so. It is maintained that the Volstead act provides for a warning in the case of a person charged as a first offense with selling extracts, but in this instance no warning was given. Arguments on the demurrer were set for the near future.

NEW YORK, Sept. 23.—The boxing contest between Georges Carpentier, European heavy-weight champion, and Battling Levinsky will be held in Jersey City baseball park, October 12, the International Sporting Club announced tonight.
